Good morning! I will be in Moab on Thursday and Friday this week. Are you free to chat by phone today? We could do a quick catch up call. Or even tomorrow. If not, we could always reschedule for next week. I also want to hear about your trip out to Cheyenne River. I do believe we are headed out there the week of May 16th!

Thanks,
Lindsay

Awesome! Looking forward to it! Are you in on Monday ? I can also brief you on the TAG grant.

Thanks,
Lindsay

Hi!

I will be in next week; let's catch up for your trip. I have some really great thoughts to share with you and/or Paul.

Melisa

Hi Melisa- Thank you for forwarding. I filed them away.

Also, when you return, I have some updates regarding South Weber. Let's have a stair and debrief date when you return!

PS. Paul and I are planning a trip out to Cheyenne River the week of May 9th! Can't wait to get out there and meet everyone ☺

Hope your trip is going well!!!

Importance: High

Hi All - here is the exemption that Freya was working on.

Lindsay - I would put a copy in each of the grant files, perhaps in the closeout section at the back.

Subject: Technical Assistance Grants (TAG) Clarification: remedial action exempt from GPIs 08-02 & 11-01
Importance: High

Good morning everyone,

The attached memorandum clarifies the applicability of Grants Policy Issuances 08-02 and 11-01 regarding project period limitations to Technical Assistance Grants (TAG). TAGs have statutory authorization for longer project periods (42 USC Chapter 103

Section 9617(c)(2)). The seven year project period limitation set forth in Grants Policy Issuances 08-02 and 11-01 therefore does not apply to a TAG for which a stage of remedial action is ongoing.

Program Offices and Grants Management Offices may extend a TAG grant project period beyond seven years for which a stage of remedial action is ongoing and that meet the requirements in the attached memorandum.

If you have any questions about this memo please contact me.

Thank you,

Alex
